What could the Lincoln Highway mean to your community in the future? What ideas do you have?
- Identify important sites in each town- what sets each town apart
- Have more motor tours, military caravans. Can feed them at Gates Hall.
- There are 3 antique stores now (2 started just this year). Maybe be known for these types of stores.
- Host RAGBRAI again- did come through about 6-8 years ago.
- Junk-its, Garage sales- Community wide one is June 5-6 this year.
- Economic opportunities- we have some restaurants, a hotel, one bed and breakfast (Queen Anne at 1110 9th St)
- Jefferson Highway and Lincoln Highway conjoin at Colo and travel into Nevada.
- There are a few empty storefronts to fill.
- Houses are being built in Indian Ridge, but they aren’t affordable. Need affordable housing.
- Historical Society hosts Man-Cave tours, Cemetery Walks, and during Christmas season-Historic Home Tours. They also do Victorian Teas in May and Murder Mystery Dinners a few times a year.
- Historic Preservation has done a historic home inventory and surveyed most of them.

Other Comments:
- Story County Planning and City of Ames Planners had ideas a few years ago and wanted to make changes to the LH. Hired an outside consulting firm to make drawings, etc. Ames approached the couple across from the ethanol plant about annexation.
- 580th and LH has too many accidents as it is. If Nevada really gets their entrances/exits changed to only 19th St and Airport Road, it will increase traffic on LH and this intersection is deadly as it is.
- Trucks need to find another way to Barilla.
